I. INTRODUCTION

The Mental Health Services Oversight and Accountability Commission (MHSOAC or Commission) is seeking an experienced Contractor to work with Mental Health Clients/Consumers to enhance statewide participation, voice, and empowerment through advocacy, education, and outreach efforts to ensure that Mental Health Clients/Consumers have a major role in the development and implementation of local and state level policies and programs and access to quality services and supports.

The Budget Act of 2015 specifically allocated funds for competitive bid contracts to “support mental health advocacy” on behalf specific communities. As directed by the Budget Act, the contract awarded pursuant to this RFP is to enhance statewide participation, voice, and empowerment through advocacy, education, and outreach. These efforts ensure that specific communities have a major role in the development and implementation of local and state level policies and programs and improve access to quality services and supports. These activities may include informing, educating, and advocating before local and state administrative and legislative bodies regarding policies and issue-based legislation consistent with the Mental Health Services Act.

Mental Health Clients/Consumers include any individual who has received or is currently receiving mental health services, anyone who has a mental health diagnosis, or simply anyone who has experienced a mental or behavioral health crisis or disorder. Other terms sometimes used by members of this community include clients, consumer, peer, and/or survivor.

Through a response to this Request for Proposal (RFP), the successful Proposer will demonstrate that they have the personnel and organizational capacity to effectively carry out a contract of this scope and magnitude. The successful Proposer will describe how they meet minimum and desired qualifications, including their breadth of experience working statewide with Mental Health Clients/Consumers, with special emphasis on unserved, underserved, and hard to reach populations. While collaborative Proposals including subcontracts are acceptable and even encouraged to provide the relevant range of expertise and/or capacity, the Proposal must be submitted by a lead or prime contractor, hereinafter called “Proposer.”

All agreements entered into with the State will include by reference General Terms and Conditions (GTC) (see **ATTACHMENT 16**) and Contract Certification Clauses (CCC-307) (see **ATTACHMENT 13**). Subcontractors are permitted by the MHSOAC for this contract. The Contractor shall manage and coordinate subcontractor activities. Proposers are encouraged to carefully read the entire RFP. The need to verify all documentation and responses prior to the submission of Proposals cannot be overemphasized. Please note that no verbal information given will be binding upon the State unless such information is issued in writing as an official addendum. In the opinion of MHSOAC, this RFP is complete and without need of explanation. All questions must be submitted directly to the MHSOAC RFP Contracts Unit via email to: mhsoac@mhsoac.ca.gov.

A. PURPOSE AND BRIEF OVERVIEW OF CONTRACT OPPORTUNITY

The passage of the Mental Health Services Act (MHSA or Act) initiated, at the state and local levels, the concept of transparent and collaborative processes being implemented to determine the mental health needs, priorities, and services for California mental health consumers.

Welfare and Institutions (W&I) Code Section 5892(d) requires the Mental Health Services administrative fund to “include funds to assist consumers and family members to ensure the appropriate state and county agencies give full consideration to concerns about quality, structure of service delivery, or access to services.”

Through the MHSA, California has encouraged the transformation of its mental health system by supporting the need for and development of a partnership between state and local level planning and program implementation. The MHSA was designed to change not only the way people accessed mental health services and participated in policy planning, but to change public perception and stigma associated with mental illness. Through support of stakeholder advocacy efforts, MHSA funding encourages dialogue to address not just the local needs of a community and region but to align with state level needs and priorities in a way that acknowledges and adheres to the diverse cultural values among California’s Mental Health Clients/Consumers.

This contract opportunity supports the goals of the MHSA and purposes to support the goal of system transformation through Mental Health Clients/Consumers engagement and participation that is client and family driven, culturally competent, and collaborative in design. The purpose of this effort by the MHSOAC is to enhance the participation of Mental Health Clients/Consumers in California’s mental health system through education, advocacy, and outreach efforts.

This procurement is being conducted under the authority of Welfare and Institutions Code Section 5897(e) which exempts the MHSOAC from the Public Contract Code, the State Administrative Manual, and the Department of General Services approval.

II. BACKGROUND

A. THE MENTAL HEALTH SERVICES ACT

In 2004, the MHSA was approved through a voter initiative (Proposition 63). The MHSA was designed to support and encourage system-wide change in California's public community mental health system that would foster a positive impact on the state's prevention of and response to mental illness. The MHSA was crafted to finance culturally and linguistically competent, new-generation, promising approaches to delivery of mental health services for Californians of all ages using approaches that incorporate the critical elements of hope, recovery, personal empowerment, respect, social connection, self-responsibility, and self-determination. The MHSA is intended to encourage early identification of and response to indicators of mental health needs, treat mental illness, promote recovery, reduce the duration of untreated mental illness, prevent the negative impact of untreated mental illness, and reduce stigma and discrimination associated with mental illness.

The Act emphasizes an expectation for participatory planning that engages a broad range of stakeholders, including diverse individuals with mental health needs and their families, representatives of communities that are unserved and underserved by the community mental health system, and representatives of related service delivery systems. The engagement and participation of these stakeholders should be meaningful and play a partnership role in all MHSA funded efforts.

The Act and subsequent legislation intends that there be a meaningful stakeholder involvement at both the state and local level and that funds are provided to assist organizations to support the mental health needs of clients/consumers, children and youth, transition age youth (TAY), veterans, family members of clients/consumers, and organizations working to reduce racial and ethnic disparities through education, advocacy, and outreach efforts. *This RFP is designed to support the participation of Mental*

Health Clients/Consumers in the mental health system through numerous activities to encourage education, training, outreach, and advocacy.

B. MHSA VALUES

The MHSA articulates values that are expected to be embedded throughout planning, policy development, implementation, and evaluation of the MHSA. These values are codified in Title 9, California Code of Regulations, Section 3320 and/or by actions of the MHSAOAC and include:

1. *Community Collaboration*: Diverse clients and/or families receiving services, other community members, agencies, organizations, and businesses work together to share information and resources to create and fulfill a shared vision and goals.
2. *Cultural Competence*: All aspects of policy-making, program design, administration, and service delivery in the public mental health system incorporate and include work to achieve equal access to services, equal quality of services, and equal outcomes of services, without disparities among racial/ethnic, cultural, linguistic, and other diverse populations or communities.
3. *Client- and Family-Driven*: The client or the parent/guardian/family of children and youth has the primary decision-making role in identifying needs, preferences, and strengths, and a shared decision-making role in determining the services and supports that are most effective and helpful.
4. *Wellness-, Recovery-, Resilience-Focused Service Delivery*: Public mental health services promote and increase resilience, recovery, and wellness.
5. *Integrated Service Experiences*: Clients, and when appropriate a client's parent/caregiver and family, access a full range of services in a comprehensive and coordinated manner, even when these services are provided by multiple agencies, programs, and funding sources.
6. *Co-occurring Disorder Services Competency*: Services incorporate appropriate methods to ensure that co-occurring disorders (e.g., mental illness and substance use disorders) are treated efficiently and in a cost-effective manner.

C. MHSA FUNDING

The Act establishes a one percent (1%) tax on personal income in excess of one (1) million dollars. To date, more than \$9.6 billion in new resources for the public community mental health system have been generated.

These funds are dedicated in specified proportions for the following components: Community Services and Supports (CSS), which includes children, transition-aged youth, adult, and older adult systems of care; Prevention and Early Intervention (PEI); Workforce, Education, and Training (WET); Capital Facilities and Technological Needs (CF/TN); and Innovation (INN). In addition, up to five percent (5%) of funding received is provided for state administrative activities, including stakeholder contract funding.

The statutory requirement in W&I Code Section 5892(d) states that the Mental Health Services administrative fund shall “include funds to assist consumers and family members to ensure the appropriate state and county agencies give full consideration to concerns about quality, structure of service delivery, or access to services.”

Further, W&I Code Section 5846(c) states that the MHSOAC shall “ensure that the perspective and participation of diverse community members reflective of California populations and others suffering from severe mental illness and their family members is a significant factor in all of [the Commission’s] decisions and recommendations.”

Stakeholder contracts are focused on supporting the mental health needs of clients/consumers, children and youth, transition aged youth (TAY), and family members of clients/consumers through education, advocacy, and outreach efforts. These contracts, originally awarded on a sole source basis, were transferred to the MHSOAC after the dissolution of the Department of Mental Health (DMH) in 2011. The fiscal year (FY) 2015/16 Budget Act included in the Commission’s budget an additional \$1 million dollars, subject to revenue projections, to support mental health advocacy on behalf of youth, veterans, and racial and ethnic minorities to be awarded through a competitive process.

This process includes the release of RFPs for six contracts to conduct work focused on the following populations:

- Clients/Consumers;
- Families of clients/consumers;
- Children and Youth (under 18 years) and their parents/caregivers;
- Transition Age Youth (ages 16-25 years);
- Veterans; and
- Diverse racial and ethnic communities/populations.

D. ROLES AND RESPONSIBILITIES OF COUNTIES AND MHSOAC

California counties directly plan, administer, and implement public community mental health system services. (Note, two city-based programs also implement these systems; hereinafter, they will be included in the term “county”).

The MHSA established the MHSOAC to provide oversight and accountability for the California community mental health system. The Commission is committed to:

- Effective oversight and accountability that may be achieved via evaluation of MHSA processes, values, and outcomes;
- An approach of continuous quality improvement including tracking and evaluating processes and outcomes in a manner that supports critical system-wide improvements; and

- Increasing meaningful stakeholder involvement in all aspects of California’s mental health system.

The Contractor will be required to collect and report data or related metrics as it pertains to the Scope of Work. The Contractor will be required to submit quarterly data sets that shall cover activities, planned and underway, and report-outs on completed activities. Additionally the Contractor will propose reporting templates for documenting and submitting to MHSOAC. These templates will be reviewed, edited if necessary, and approved by MHSOAC staff prior to use. Data shall be provided in a mutually agreed upon electronic format.

Deliverable 6: Unanticipated Tasks

The Proposer shall anticipate and include up to five percent (5%) of the contract value for unanticipated tasks. Unanticipated tasks may be assigned in the event that both parties agree additional work, which was wholly unanticipated and not identified in the State's solicitation document or the Contractor's bid submitted in response thereto, is necessary to the successful accomplishment of the general scope of work.

V. WORKPLAN

The Proposer is responsible for developing a detailed Workplan to describe the specific tasks it will undertake in order to complete the entirety of the Contract. This includes but is not limited to:

- Administrative duties;
- Contractor Responsibilities;
- Proposer-Defined Deliverables; and
- All other work and responsibilities involved in the Contract.

The Workplan will provide a step-by-step account of how the Proposer plans to complete all work outlined above including anticipated hours required from each key team member. The Workplan must be well-organized, detailed, and comprehensive, describing the tasks that will lead to the completion of all work in the Contract, including timelines and due dates. Moreover, the Workplan must identify the team member(s) responsible for each activity and any associated needs from or impacts on MHSOAC staff and/or other Contractors. The tasks should be sufficiently detailed to clearly articulate the process proposed with no additional information required. (See **ATTACHMENT 8** for additional instructions).

VI. LETTERS OF SUPPORT AND REFERENCES

The Proposer shall provide three letters of support from individual members of the target population and/or from non-profit organizations that serve the target population and three references from organizations for which the Proposer has performed services outlined in this Solicitation within the past five years. The letters of support submitted must provide insight into the Proposer's experience and commitment to working with the target population in California. (See **ATTACHMENT 9** for additional instructions). The references provided will be contacted by MHSOAC. MHSOAC will make a reasonable attempt to contact the references, but it is the sole responsibility of the Proposer to ensure that the provided reference is available to respond in a timely manner. (See **ATTACHMENT 10** for additional instructions).

VIII. SCORING PROCESS

This section explains how the Proposals will be scored. It describes the process as well as the scoring stages and preference points.

A. PROPOSAL SCORING

Proposals will be reviewed and scored based on their response to the information requested in this RFP. The entire scoring process from receipt of Proposals to posting of the Notice of Proposed Award is confidential. All Proposals and all evaluation and scoring sheets will be considered public documents after the announcement of the intent to award.

Proposals will be evaluated in six stages:

Stage 1: Administrative Submission Review

Each Proposal will first be checked by the MHSOAC for the presence of all required documents as listed in Section VII.A. This first Stage will be scored on a pass/fail basis. Those Proposals that pass the requirements of Stage 1 will be reviewed under Stage 2 by a Review Panel. Those Proposals that do not meet the requirements of Stage 1 will be deemed non-compliant and will not be eligible to receive an award.

Stage 2: Technical Review

The Review Panel will review all Proposals that pass Stage 1 to assess the Proposer's ability to carry out the proposed work. The Review Panel will individually review and score all aspects of the following requirements:

- Proposer Qualifications;
- Response to the Scope of Work;
- Workplan; and
- Letters of Support.

The Review Panel will assess the ability of the Proposer to carry out the proposed Scope of Work and the technical components of the Proposal on the basis of completeness, responsiveness, clarity of presentation, and adequacy of the degree to which it complies with the RFP requirements.

In assigning points for individual components, the Review Panel members may consider issues including, but not limited to, the extent to which a Proposal:

- Is fully developed, comprehensive, and has few, if any, weaknesses, defects or deficiencies;
- Includes information of depth and breadth, and includes significant facts and/or details;
- Demonstrates that the Proposer understands and is responsive to the MHSOAC's needs, the services sought, and/or the Proposer's responsibilities;
- Illustrates the Proposer's capability to perform all services and meet all requirements detailed in the Scope of Work;
- Is consistent with expectations outlined in the Scope of Work;
- Demonstrates the Proposer's capacity, capability, and/or commitment to exceed regular service needs (e.g., enhanced features, approaches, or methods, as well as creative or innovative business solutions, etc.); and
- Proposes cost allocations for each deliverable that are cost/value effective and cost adequate.

Please properly label all information requested via this RFP so that relevant information may be easily identified and scored. Reviewers will base scores only on information provided within each of these specific sections.

An overall maximum of 290 possible points may be achieved in this stage and a minimum of 200 points must be achieved to move to Stage 3.

Those Proposals that pass the requirements of Stage 2 review will be reviewed under Stage 3. Those Proposals that do not meet the requirements of Stage 2 will be deemed non-compliant and will not be eligible to receive an award. (See **ATTACHMENT 15** for scoring criteria)

Stage 3: Reference Checks

Once the Proposer has reached the minimum point value of 200, MHSOAC will contact the references provided. MHSOAC will make a reasonable attempt to contact the references, but it is the sole responsibility of the Proposer to ensure that the provided references are available to respond in a timely manner. A maximum of 30 points will be awarded for reference checks. (See **ATTACHMENT 10**).

Stage 4: Evaluation of Cost Proposal

The Cost Proposal Sheet (see **ATTACHMENT 11**) will be evaluated along with the Proposal Narrative. The Review Panel may use information from the Cost Proposal to judge the cost/value effectiveness and adequacy of the proposed work. In addition, the Cost Proposal will be used to generate an associated score as described below.

A maximum of 135 points will be awarded for the Cost Proposal. The Proposal offering the lowest total cost earns the maximum of 135 points. The remaining Proposals earn Cost Proposal points through a cost conversion formula. The following formula is used for the award of cost points:

SAMPLE COST SCORE CACULATION

Proposer	Bid Amount	Low Bid = Maximum points 135 Low Bid /Current Bid x 135 = cost points
A	\$22,900	Low Bid = Maximum of 135 points
B	\$26,000	$\$22,900 \div \$26,000 \times \text{Max. pts.} = 119 \text{ pts.}$
C	\$29,700	$\$22,900 \div \$29,700 \times \text{Max. pts.} = 104 \text{ pts.}$

Stage 5: Combining Proposer's Scores

The MHSOAC will combine the points of all qualifying Proposers from Stage 2 for achieving a passing score, Stage 3 for reference interviews, and Stage 4 for the Cost Proposal to find the total scores for each qualifying Proposer. For points awarded in Stage 2 and Stage 3, the scores from each Review Panel member will be added together and the average of the scores will be calculated. The average score of the Review Panel members summed with the Cost Proposal score will be the final score assigned to the Proposal prior to any bidding preference adjustments.

Stage 6: Adjustments to Score Calculations for Bidding Preferences

MHSOAC will determine and confirm which entities, if any, are eligible to receive a bidding preference. Points for eligible bidding preferences, as explained in the following Section (VIII.B), will be calculated and applied after the Stage 5 score has been calculated.

B. PREFERENCE PROGRAMS

A Proposer may qualify for preference points described below. Each qualifying Proposer passing the minimum requirements of Stage 2 will receive the applicable preference points.

Disabled Veteran Business Enterprise Incentive

The disabled veteran (DV) owner(s) and DV manager(s) of the Disabled Veteran Business Enterprise (DVBE) must complete the STD. 843 Disabled Veteran Business Enterprise Declaration when a DVBE contractor or subcontractor will provide materials, supplies, services or equipment [Military and Veterans Code Section 999.2]. The STD. 843, Disabled Veteran Business Enterprise Declaration form is found at the following website: <http://www.documents.dgs.ca.gov/pd/poliproc/STD-843FillPrintFields.pdf>. The STD. 843 must be completed and submitted with Proposal.

The DVBE Incentive Program applies to this solicitation. It is separate from the DVBE Participation Program and was established in Military and Veterans Code (MVC) §999 et seq., and 2 California Code of Regulations (CCR) §1896.99 et seq. The incentive is used only for evaluation purposes to arrive at the successful bidder and does not alter the amounts of the actual bid. Any responsive and responsible bidder with the confirmed 100% DVBE participation is to receive the incentive. Bidders who are not responsive and not responsible are not eligible to receive the incentive.

MHSOAC will apply this incentive to bids proposing the utilization of DGS Certified DVBE firms identified on the STD. 843, DVBE Declaration form. The information provided shall be verified by MHSOAC prior to the award of the RFP. When applying the 5% DVBE Incentive, a Non-Small Business shall not displace an award to a DGS Certified Small Business.

- 1) MHSOAC will apply an incentive to bids proposing the utilization of DGS Certified DVBE firms identified on the Bidder Declaration, GSPD-05-105. Information provided on the Bidder Declaration, GSPD-05-105 shall be verified by MHSOAC prior to the award of the contract. The incentive amount is equal to a percentage of the lowest responsive and responsible Proposal based on the amount of DVBE participation in the Proposal being evaluated per the Tables below.

Confirmed DVBE Participation of:	DVBE Incentive:
5% or Over	5%

4% to 4.99% inclusive	4%
3% to 3.99% inclusive	3%
2% to 2.99% inclusive	2%
1% to 1.99% inclusive	1%

- 2) When applying the DVBE incentive, a NSB shall not displace an award to a DGS Certified Small Business. Refer to SCM Vol. 2, Section 3.5.5 for DVBE incentive percentage details.

Small or Microbusiness Preference

The Small business preference provides certified small businesses and micro-businesses a calculation preference in the amount of five percent (5%) of the lowest, responsible bid submitted by a Bidder who is not a certified small business. The small business preference is used as a calculation to determine the lowest Bidder and does not affect the actual price bid.

The awarding department will grant small business a five percent (5%) Small Business preference on a bid evaluation when a responsible non-small business has submitted the lowest-priced, responsive bid pursuant to the evaluation of a solicitation method when a small business:

- Includes in its bid a notification to the awarding department that it is a small business or that it has submitted to the DGS OSDS a complete application no later than 5:00 p.m. on the bid due date, and is subsequently certified by the Department of General Services as a small business;
- Submits a timely, responsive bid; and
- Has been determined to be a responsible Bidder.

Bidders having pending Small Business or DVBE Certification applications under review by the Department of General Services concurrent with the bid time frame should contact DGS/OSDS to request an expedite review/approval of their application in order to be considered for the small business preference during the evaluation of this bid. Contact DGS/OSDS at (916) 375-4940 to obtain information about the application expedite process.

Bidders must notify the Department in writing at the time of bid submission that they have an application for Small Business or DVBE certification under review at the DGS Office of Small and Disabled Veteran Business Certification, and they wish to be considered for the Small Business Preference Calculation.

Information on how to become certified as a small business, and other related information can be found online: <http://www.dgs.ca.gov/pd/Programs.aspx>. Proposers qualifying for this preference must submit a copy of their Small Business Certification.

Non-Small Business Preference

Non-Small Business Bidders will be granted a five percent (5%) non-small business preference on a bid evaluation when a responsible non-small business has agreed to subcontract at least 25 percent of their bid price with a California certified Small Business and if the non-small business Bidder's bid is not the low price bid, or when a Proposal has been ranked as the highest scored bid pursuant to the evaluation of the solicitation.

Responding Bidders must:

- Include in its bid a notification to the awarding department that it commits to subcontract at least twenty-five percent (25%) of its net bid price with one or more California certified small business(s),
- Submit a timely bid as specified in the bid document,
- Be determined to be a responsive, responsible Bidder and,
- Identify the California certified small business(s) it commits to subcontract with. The Bidder shall list certified SB subcontractors and include their name, address, phone number, a description of the work performed, and the percentage (as specified in the solicitation) per subcontractor.

Further information can be found on the Internet at <http://www.dgs.ca.gov/pd/Programs/OSDS.aspx>.

Calculating Non-Small Business Preference

The non-small business calculation preference five percent (5%) is used for bid evaluation purposes only. Awards made as a result of the NSB preferences shall be awarded at the Bidder's original bid price. The preference shall be computed as follows:

Bidder A, Low bid, not a certified small business:	\$125,000
Bidder B, non-small business	\$131,000
(subcontracting 25% to a certified small business)	
Calculation Preference:	$\$125,000 \times .05 = \$6,250$
Bidder B	\$131,000
Subtract calculated preference	- 6,250
Adjusted Bid for Bidder B	\$124,750

Award is made to Bidder B as the low Bidder at the bid price of \$131,000.

Ties Between Certified Small Business and DVBE Business

In the event of a precise tie between the bid of a small business and the bid of a disabled veteran enterprise that is also a small business, the award shall go to the disabled veteran that is also a small business.

Maximum Allowable Preferences

In no event shall the amount of the small business or non-small business subcontractor preferences awarded on a single bid exceed \$50,000, and in no event shall the combined cost of the small business or non-small business subcontractor preference and preferences awarded pursuant to any other provision of law exceed \$100,000. The five percent (5%) calculation preference is used for computation purposes only and does not alter or affect the actual bid price or the amount of the executed Contract. When a certified small business is the lowest responsive, responsible Bidder, then there is no need to compute the small business preference as the small business is the low Bidder.

Commercially Useful Function (Government code 14837)

A certified small business, micro-business Contractor, subcontractor or supplier, must meet commercially useful function requirements under Government Code Section 14837(d) (4). Selected firms must perform a "commercially useful function" relevant to this Contract.

The term "small business Contractor, subcontractor supplier" means any person or entity that satisfies the ownership (or management) and control requirements in accordance with Government Code Section 14847 (d) (4) and provides services or goods that contribute to the fulfillment of the Contract requirements by performing a commercially useful function. A person or an entity is deemed to perform a "commercially useful function" if that person or entity does all of the following:

- Is responsible for the execution of a distinct element of the work of the Contract;
- Carries out the obligation by actually performing, managing, or supervising the work involved;
- Performs work that is normal for its business services and functions; and
- Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices.

A Contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the Contractor's, subcontractors, or supplier's role is limited to that of an extra participant in order to obtain the appearance of disabled veteran business participation.

Bidder CUF Requirements

MHSOAC has determined to the best of its ability that your firm meets the criteria above for "commercially useful function." In responding to this solicitation, you are confirming that, under California Code of Regulations 1896.1, your business provides goods and or services that meet the definition of "commercially useful function." All Bidders are required to provide CUF documentation using the attached State's Bidder Declaration Form GSPD-05-105 (see **ATTACHMENT 12**). When completing the declaration, Bidders must identify all subcontractors proposed for participation in the Contract. Any Bidder awarded a Contract is contractually obligated to use the subcontractor for the corresponding work defined unless the State agrees to a substitution.

Pending Small Business Certification

If your firm is seeking small business certification in order to be considered for small business preference related to this solicitation, you must have: 1) notified the Department of General Services, Office of Small Business and DVBE Services (OSDS) that you are responding to a solicitation and are seeking an Expedite Review of your small business certification application in relation to the solicitation; 2) provided DGS OSDS with the bid key action dates page from the bid itself, and 3) must have submitted a complete application with all required forms and documentation to OSDS for review and approval by close of business of the Bid submittal due date.

Notify the Commission if, at the time of bid submission, your firm has a pending small business application with the Department of General Services, OSDS. The Department will verify your certification is pending or has been approved.

Small Business Nonprofit Veteran Service Agencies (SB/NVSA)

SB/NVSA prime Bidders meeting requirements specified in the Military and Veterans Code Section 999.50 et seq. and obtaining a California certification as a small business are eligible for the 5% small business preference.

C. AWARD PROCEDURES

An award, if made, will be made to the highest scoring Proposal. A maximum of one (1) award may be made. If there are two or more Proposals with the same total score, the tie will be broken by a coin toss administered by the MHSOAC.

Prior to awarding the contract, a Notice of Intent to Award will be posted in the lobby of the MHSOAC office building located at 1325 J Street, 1st Floor, Sacramento, CA 95814 and on MHSOAC's website (www.mhsoac.ca.gov) on **July 28, 2016** for a period of no less than five (5) working days.

IX. ADMINISTRATION

A. RFP DEFINED

The competitive method used for the procurement of services is a Request for Proposal (RFP). A Proposal submitted in response to this RFP will be scored and ranked based on the Scoring Criteria. Every Proposal must establish in writing the Proposer's ability to perform the RFP tasks.

B. COST OF DEVELOPING PROPOSAL

The Proposer is responsible for the cost of developing a Proposal, and this cost cannot be charged to the State.

C. PRINTING SERVICES

Per Management Memo State of Administrative Manual 07-06, State Agencies must procure printing services through the Department of General Services, Office of State Publishing (OSP). Proposers shall not include printing services in their Proposals.

D. CONFIDENTIAL INFORMATION

The Commission will not accept or retain any Proposals that are marked confidential in their entirety.

E. DARFUR CONTRACTING ACT OF 2008

Effective January 1, 2009, Public Contract Code sections 10475, *et. seq.*; Stats. 2008, Ch. 272, requires that all solicitations must address the requirements of the Darfur Contracting Act of 2008 (Act). (Public Contract Code sections 10475, *et seq.*; Stats. 2008, Ch. 272). The Act was passed by the California Legislature and signed into law by the Governor to preclude State agencies generally from contracting with “scrutinized” companies that do business in the African nation of Sudan (of which the Darfur region is a part), for the reasons described in Public Contract Code section 10475.

A scrutinized company is a company doing business in Sudan as defined in Public Contract Code section 10476. Scrutinized companies are ineligible to, and cannot, bid on or submit a Proposal for a contract with a State agency for goods or services. (Public Contract Code section 10477(a)).

Therefore, Public Contract Code section 10478 (a) requires a company that currently has (or within the previous three years has had) business activities or other operations outside of the United States to certify that it is not a “scrutinized” company when it submits a bid or Proposal to a State agency. (See option #1 on **ATTACHMENT 14**).

A scrutinized company may still, however, submit a bid or Proposal for a contract with a State agency for goods or services if the company first obtains permission from the Department of General Services according to the criteria set forth in Public Contract Code section 10477(b). (See option #2 on **ATTACHMENT 14**).

F. RFP CANCELLATION AND AMENDMENTS

If it is in the State’s best interest, the MHSOAC reserves the right to do any of the following:

- Cancel this RFP;
- Amend this RFP as needed; or
- Reject any or all Proposals received in response to this RFP.

If the RFP is amended, the MHSOAC will send an addendum to all parties who requested the RFP and will post it on the MHSOAC's website at www.mhsoac.ca.gov.

G. ERRORS

If a Proposer discovers any ambiguity, conflict, omission, or other error in the RFP, the Proposer shall immediately notify the Commission of such error in writing and request modification or clarification of the document. Modifications or clarifications will be given by written notice to all parties who requested the RFP, without divulging the source of the request for clarification. If a Proposer fails to report a known or suspected problem with this RFP or fails to seek clarification and/or correction of the RFP, the Proposer submits a Proposal at his/her own risk.

H. MODIFYING OR WITHDRAWAL OF PROPOSAL

A Proposer may, by letter to the Contact Unit at the MHSOAC, withdraw or modify a submitted Proposal before the deadline to submit Proposals. Proposals cannot be changed after the deadline to submit.

I. IMMATERIAL DEFECT

The MHSOAC may waive any immaterial defect or deviation contained in a Proposer's Proposal. The MHSOAC's waiver shall in no way modify the Proposal or excuse the successful Proposer from full compliance.

J. DISPOSITION OF PROPOSALS

Upon Proposal opening, all documents submitted in response to this RFP will become the property of the State of California, and will be regarded as public records under the California Public Records Act (Government Code Section 6250 et seq.) and subject to review by the public.

K. PROPOSER'S ADMONISHMENT

The RFP contains the instructions governing the requirements for a firm quotation to be submitted by interested Proposers, the format in which the technical information is to be submitted, the material to be included, the requirements which must be met to be eligible for consideration, and Proposer responsibilities. Proposers must take the responsibility to carefully read the entire RFP, ask appropriate questions in a timely manner, submit all required responses in a complete manner by the required date and time, make sure that all procedures and requirements of the RFP are followed and appropriately addressed, and carefully reread the entire RFP before submitting Proposal.

L. REJECTION OF PROPOSAL

Deviation, whether or not intentional, may cause a Proposal to be non-compliant and not considered for award. The MHSOAC may reject any or all Proposals and may waive any immaterial deviation or defect

in a Proposal. The MHSOAC's waiver of any immaterial deviation or defect shall in no way modify the RFP documents or excuse the Proposer from full compliance with the RFP specifications if awarded a contract. Final Proposals not received by the date and time specified in the Key Activities and Dates or not sealed will be rejected.

M. PROTEST PROCEDURES

This RFP is solicited in accordance with the Welfare and Institutions Code Section 5897(e) which exempts the MHSOAC from the Public Contract Code and the State Administrative Manual and the Department of General Services approval. The Letter of Protest must describe the factors that support the protesting Proposer's claim that the protesting Proposer would have been awarded the contract had the MHSOAC correctly applied the prescribed evaluation rating standards in the RFP or if the MHSOAC had followed the evaluation and scoring methods in the RFP. The Letter of Protest must identify specific information in the Proposal that the Proposer believes was overlooked or misinterpreted. The Letter of Protest may not provide any additional information that was not included in the original Proposal.

If a Letter of Protest is filed, the contract shall not be awarded until the MHSOAC has reviewed and resolved the protest.

The Executive Director of the MHSOAC will render a decision of the Letter of Protest and the decision will be considered final.

N. AGREEMENT EXECUTION AND PERFORMANCE

Performance shall start on the date set by MHSOAC and the Contractor after all approvals have been obtained and the agreement is fully executed. the work in any manner deemed proper by the State. All costs to the State shall be deducted from any sum due the Contractor under this Agreement and the balance, if any, shall be paid to the Contractor upon demand.

8. INDEPENDENT CONTRACTOR: Contractor, and the agents and employees of Contractor, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.

9. RECYCLING CERTIFICATION: The Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. Contract Code §12205).

10. Code §12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Agreement.

11. CERTIFICATION CLAUSES: The CONTRACTOR CERTIFICATION CLAUSES contained in the document CCC 307 are hereby incorporated by reference and made a part of this Agreement by this reference as if attached hereto.

12. TIMELINESS: Time is of the essence in this Agreement.

13. COMPENSATION: The consideration to be paid Contractor, as provided herein, shall be in compensation for all of Contractor's expenses incurred in the performance hereof, including travel, per diem, and taxes, unless otherwise expressly so provided.

14. GOVERNING LAW: This contract is governed by and shall be interpreted in accordance with the laws of the State of California.

Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. LEGAL NOTICE

This report was prepared as an account of work sponsored by the Mental Health Services Oversight and Accountability Commission (MHSOAC), but does not necessarily represent the views of the MHSOAC or any of its employees except to the extent, if any, that it has formally been approved by the MHSOAC. owned rights without obtaining permission or authorization from any party who has any rights in connection with the data.

7. PROVISIONS RELATING TO DATA

- A. "Data" as used in this Contract means recorded information, regardless of form or characteristics, of a scientific or technical nature. It may, for example, document research, experimental, developmental or engineering work; or be usable or be used to define a design or process; or support a premise or conclusion asserted in any deliverable document called for by this Contract. The data may be graphic or pictorial delineations in media, such as drawings or photographs, charts, tables, mathematical modes, collections or extrapolations of data or information, etc. It may be in machine form, as punched cards, magnetic tape, computer printouts, or may be retained in computer memory.

- C. "Deliverable data" is that data which under terms of this Contract is required to be delivered to the State. Such data shall be property of the State.
- D. Alternatively, notice may be given by personal delivery by any means whatsoever to the party, and such notice shall be deemed effective when delivered.

11. WAIVER

No waiver of any breach of this Contract shall be held to be a waiver of any other or subsequent breach. All remedies afforded in this Contract shall be taken and construed as cumulative; that is, in addition to every other remedy provided therein or by law. The failure of State to enforce at any time the provisions of this Contract, or to require at any time performance by the Contractor of any of the provisions, shall in no way be construed to be a waiver of such provisions not to affect the validity of this Contract or the right of State to enforce said provisions.

12. GRATUITIES AND CONTINGENCY FEES

The State, by written notice to the Contractor, may terminate the right of Contractor to proceed under this Contract if it is found, after notice and hearing by the State, that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the State with a view toward securing a contract or securing favorable treatment with respect to the awarding, amending, or performing of such contract.

In the event this Contract is terminated as provided in the paragraph above, State shall be entitled (a) to pursue the same remedies against Contractor as it could pursue in the event of the breach of the Contract by the Contractor, and (b) as a predetermined amount of liquidated damages, to exemplary damages in an amount which shall not be less than three times the cost incurred by the Contractor in providing any such gratuities to any such officer or employee.

The rights and remedies of the State provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

The Contractor warrants by execution of this Contract that no person or selling agency has been employed or retained to solicit or secure this Contract for a commission, percentage, brokerage or contingent fee, excepting bona fide employees of Contractor, for the purpose of securing business. For breach or violation of this warranty, the State shall have the right to annul this Contract without liability, paying only for the values of

the work actually returned, or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

13. WORKERS' COMPENSATION

Contractor hereby warrants that it carries and shall maintain in full force and effect during the full term of this contract and any extensions to said term, sufficient and adequate Worker's Compensation Insurance for all of its employees who shall be engaged in the performance of this Contract and agrees to furnish to State satisfactory evidence thereof at any time the State may request the same.

14. CONTRACT IS COMPLETE

Other than as specified herein, no document or communication passing between the parties hereto shall be deemed a part of this Contract.

15. CAPTIONS

The clause headings appearing in this Contract have been inserted for the purpose of convenience and ready reference. They do not purport to and shall not be deemed to define, limit or extend the scope or intent of the clauses to which they pertain.

16. PUBLIC HEARINGS

If public hearings on the subject matter dealt with in this Contract are held within one year from the contract expiration date, Contractor shall make available to testify the personnel assigned to this Contract at the hourly rates specified in the Contractor's proposed budget. State shall reimburse Contractor for travel of said personnel at the contract rates for such testimony as may be requested by State.

17. DVBE

18. FORCE MAJEURE

Neither the State nor the Contractor shall be deemed to be in default in the performance of the terms of this Contract if either party is prevented from performing the terms of this Contract by causes beyond its control, including without being limited to: acts of God; interference, rulings or decision by municipal, Federal, State or other governmental agencies, boards or commissions; any laws and/or regulations of such municipal, State, Federal, or other governmental bodies; or any catastrophe resulting from flood, fire, explosion, or other causes beyond the control of the defaulting party. If any of the stated

contingencies occur, the party delayed by force majeure shall immediately give the other party written notice of the cause of delay. The party delayed by force majeure shall use reasonable diligence to correct the cause of the delay, if correctable.

19. PERMITS AND LICENSES

The Contractor shall procure and keep in full force and effect during the term of this Contract all permits, registrations and licenses necessary to accomplish the work specified in this Contract, and give all notices necessary and incident to the lawful prosecution of the work.

The Contractor shall keep informed of, observe, comply with, and cause all of its agents and employees to observe and to comply with all prevailing Federal, State, and local laws, and rules and regulations made pursuant to said Federal, State, and local laws, which in any way affect the conduct of the work of this Contract. If any conflict arises between provisions of the plans and specifications and any such law above referred to, then the Contractor shall immediately notify the State in writing.

20. LITIGATION

The State, promptly after receiving notice thereof, shall notify the Contractor in writing of the commencement of any claim, suit, or action against the State or its officers or employees for which the contractor must provide indemnification under this Contract. The failure of the State to give such notice, information, authorization or assistance shall not relieve the Contractor of its indemnification obligations. The Contractor shall immediately notify the State of any claim or action against it which affects, or may affect, this Contract, the terms and conditions hereunder, or the State, and shall take such action with respect to said claim or action which is consistent with the terms of this Contract and the interest of the State.

21. DISPUTES

Contractor shall first discuss and attempt to resolve any dispute arising under or relating to the performance of this Contract, which is not disposed of by the Contract, informally with the State Contract Manager. If the dispute cannot be disposed of at this level, then the dispute shall be decided by the MHSOAC's Executive Director. All issues pertaining to this dispute shall be submitted in written statements and addressed to the Executive Director, MHSOAC, 1300 17th Street, Suite 1000, Sacramento, California 95811. Such written notice must contain the Contract Number. The decision of the Executive Director of the MHSOAC shall be final and binding to all parties. Within ten days of receipt of the written grievance report from the Contractor, the Executive Director, or his/her designee, shall meet with the Contractor and Project Manager for the purposes of resolving the

dispute. The decision of the Executive Director shall be final. During the dispute process the Contractor shall proceed diligently with the performance of the Contract. Neither the pendency of a dispute, nor its consideration by the Executive Director, shall excuse the Contractor from full and timely performance of the services required in accordance with the terms of the contract.

Notwithstanding any other provisions of this Contract, after recourse to the procedure set forth in the paragraph above, any controversy or claim arising out of or relating to this Contract or breach thereof shall be settled by arbitration at the election of either party in accordance with California Public Contract Code Section 10240 et. seq. and judgment upon the award rendered by the arbitration may be entered in any court having jurisdiction thereof.

22. EVALUATION OF CONTRACTOR'S PERFORMANCE

The Contractor's performance under this Contract shall be evaluated by the State after completion of the contract. A copy of the written evaluation shall be maintained in the contract file and may be submitted to the Office of Legal Services, Department of General Services.

23. CONFIDENTIALITY AND INFORMATION SECURITY PROVISIONS

- A. From time to time, the State may inspect the facilities, systems, books and records of Contractor to monitor compliance with the Contract.
- B. Contractor shall promptly remedy any violation of any provision of the Contract and shall certify the same to the MHSOAC in writing.
- C. The fact that the State inspects, or fails to inspect, or has the right to inspect Contractor's facilities, systems, and procedures does not relieve Contractor of its responsibility to comply with the Contract.

- D. The State's failure to detect or the State's detection of any unsatisfactory practices, but failure to notify Contractor or require Contractor's remediation of the unsatisfactory practices does not constitute acceptance of such practice or a waiver of the State's enforcement rights under the Contract.

25. USE OF STATE FUNDS

Contractor, including its officers and members, shall not use funds received from the MHSOAC pursuant to this contract to support or pay for costs or expenses related to the following:

- A. Campaigning or other partisan activities to advocate for either the election or defeat of any candidate for elective office, or for or against the passage of any proposition or ballot measure; or,

Commercially Useful Function Definition

California Code of Regulations, Title 2, § 1896.61(l):

The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of §1896.61(f); is certified in accordance with §1896.70; and provides services or goods that contribute to the fulfillment of the contract requirements by performing a commercially useful function.

As defined in MVC §999, a person or an entity is deemed to perform a "commercially useful function" if a person or entity does **all** of the following:

- Is responsible for the execution of a distinct element of the work of the contract.
- Carries out the obligation by actually performing, managing, or supervising the work involved.
- Performs work that is normal for its business services and functions.
- Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the contractor's, subcontractor's, or supplier's role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of disabled veteran business enterprise participation.
